Future Junior Software Engineer

Ny name **Lazaruk Vitali** I 37 year old.I am from in Belarus. I live in Warszawa, Poland. All my time i does study Web-development. I write code in visual studio, and watch lections of HTML,CSS,React in youtube. I think, people can all, if very wont. All my project you can search in my Github Repositories-https://github.com/v-laz

My code example:

```
const MyPosts = (props) => {
let postElement = props.posts.map(p =>
< Post message={p.message} likesCount={p.likesCount} />) let newPostElement =
React.createRef(); let addPost = () => { let text = newPostElement.current.value;
props.addPost(text); newPostElement.current.value = ""; }
```

My language
Russian-Native
Belarus-Native
Polish-Conversational
English-study

I study English in [English-grebenkova school](#) **level A1**

My education

3-semester MSFU (Mogilev State Food University)
